

MATERIAL INFORMATION

Concerning the recent news in the Portuguese press regarding a potential CIMPOR Group investment in a new cement plant to be built in Jordânia, CIMPOR – Cimentos de Portugal, SGPS, S.A. hereby informs that is currently analysing the development of a project in such country, but until this moment no decision was yet taken.

As soon as completed the necessary studies, namely on the quality and quantity of available raw materials and on the cement market growth perspectives in the Middle East, CIMPOR, if considering the viability of this project and return on this investment to be interesting, in presence of the inherent risks, will immediately, as always, disclose such information.
